NEEDS**

SCS-52 JET

STANLEY®

JETForce³ ENGINE

NEW

FEATURES

ASC System

ASC System gives an optimal engine performance throughout automatic engine setting. No need to spend time on carburetor adjustments.

JETForce³

Revised and refined fuel combustion, lower fuel consumption and reduced exhaust emission levels in accordance with the world's most stringent environmental regulations.

FEATURES

ICE Starter³

Even in cold conditions, 2 to 3 pulls on the starter provide a simple and quick start.

QUICK-Release Filter

Reusable, washable air filter which can be removed quickly in two steps.

FEATURES

SafeBrake MX2

Safebrake M2x activates the chain brake in less than one second, ensured either automatically by the inertia release mechanism or mechanically by hand.

AntiVib³

An innovative and proven engine suspension, which absorbs vibration to give maximum protection to the user's arms and hands.

FEATURES

AIR Flow³

Reduced wear and longer operating time between filter cleanings because of the centrifugal air cleaning process.

SLIM Force³

Slim and slender saw body makes the chainsaw easy and convenient to handle in any situation.
